JUNE 1973

AT THE MAY MEETING it was unanimously decided by all those present to start charging dues for IVW membership: \$2.00 for singles and \$3.00 for family membership as stated in the last IVW bulletin. This entitles members to voting privileges, all IVW bulletins, an IVW patch (1 for single -- 2 for family), Non-members are encouraged to participate in all IVW rides; however, we hope everyone who is interested in IVW activities will mail in their dues as soon as possible.

MONEY FROM DUES WILL BE USED as appropriate needs arise as decided by the members. Present possible uses include a "bike trailer" for safe transportation of bikes, paying for club patches, paint used for marking roads for rides, a portable flashing light for the sag wagon, a well-equipped first-aid kit, and a large water cooler.

FILL IN THE APPLICATION BELOW AND MAIL WITH YOUR CHECK to get your club patch and to be assured of getting all the coming club bulletins and schedules.

NOTES OF INTEREST SO YOU THINK YOU ARE IN SHAPE ? Try Fondulac Hill in Top Gear. Ask Roy to show you how it's done!

THANKS TO BOB KELLER for showing and narrating the slides of their Austrian Bike Trip. (Understand you walked a few hills over there, Bob)

LOU LUTHANS checked out the pastures between Princeville and Toulon. Watch those cows, Lou! (Ask him about them)

IVW WAS PRIVILEGED TO HAVE an excellent rider EDMOND DOBIGIES FROM GRENOBLE, FRANCE on the ride from Princeville to Toulon. Edmond informed us that some of their rides into the French Alps start at 2:00 a.m. to avoid riding up the mountains in the heat of the day. Altitudes are up to 8,000 feet. He invites anyone who might happen to be in Grenoble to be sure to contact him. (His address is in the IVW files)

SAFETY is always at the top of IVW's list; however, IVW can assume no responsibility for accidents or injury. (We just try to avoid them) Underage riders should be accompanied by their parents or should see that arrangements are made for an adult rider to supervise.
