

I. V. W. GOSSIP COLUMN

Has everyone purchased their new bikes for this upcoming season? Here are a few new bikes in the club.

Rich Miller thinks he is Eddy Merckx on his new Orange Colnago Super.

If you see a black streak go by, that could be Bill Perry going by on his new Black Raleigh Competition.

Everyone will have a harder time keeping up with Jim Ellington now that he has a new Orange Schwinn World Voyager.

We hope to see more of Karen Newman on club rides since she has a new White Raleigh Gran Sport.

Expect more rides from Morton now that Les Osterman is an I.V.W. member who has submitted some good rides from Morton.

The I.V.W. has been working with the city in planning bikeways for Peoria.
