OCTOBER MEETING--10/25/79--CORD Building (Park Police), 6518 N. Sheridan Rd.

Last meeting Rick Roth provided an enjoyable slide show of a European bike tour he took with his wife and others. Who knows what's in store this month? Pick up Metric Century patches.

PRESIDENT'S NOTES: The Hilly Hundred was a super event again this year. There were over 1900 riders, 25-30 of them were IVW members. The weather both days was very good. Fall is the best time of year to ride. The weather is cooler, the sun is not as intense, fall colors are in bloom, and you're in better shape. There aren't many riding days left, so make the most of them.
Jack Welch, President

HIGHLIGHTS OF LAST MONTHLY MEETING & OTHER RUMBLINGS: Those present decided to spend \$100 refurbishing the trailer. New carriers are to be purchased and installed. It seems that one of the old ones broke and let a bike go. Terry Beachler revealed that Ron Matuska suffered some knee problems during his attempted ride to the Hilly Hundred from up north and had to abort. Ron did ride in the Hilly, though and said that the weather was fine but, again, the leaves hadn't turned. Next year's Hilly is scheduled for late October. It should be cold and colorful.

OCTOBER 1979

IVW/VITESSE RACING TEAM NEWS: Our next meeting will be October 27, 1979 at 5 o'clock. We will meet at Steve Berger's house (900 Bourland) and then ride to some eating place and have refreshments during the meeting. Please contact an officer if you plan to attend. Our primary business will be electing officers for the coming year.

DON EBERLE'S IVW PROFILE AND COMMENTS: Jerry (Gerald) Selvo is an attorney for the National Labor Relations Board in Peoria. He is originally from Carlinville, Il. and attended the University of Illinois. He currently resides in Peoria. Jerry is 32 years old and has one bicycle, a Windsor Professional. Jerry joined the Club in 1977. Last year he was Vice President and this year he is our Bulletin Editor. Jerry rides his bike for recreation and physical fitness. His riding was restricted this year due to a long wait for a replacement fork. He rode about 2000 miles last year, however. His other hobbies are running, movies and photography.***In the American west and, to a lesser degree, in the rest of the U.S.A. the Raleigh name has slipped from the top slot it once occupied. This happened with the strengthening of quality and increasing sales of Japanese products.*** (Raleigh riders will be given an opportunity to respond - Editor)
