From the Ride Chairman:

I would like to make a few remarks about the coming year that will, hopefully, make for better rides this year. Since this is the IVW Ride Schedule I am not going to try to fit our rides around every other ride in the country, with the exception of TOMRV, HILLY and a few others. There will be one Breakfast Ride a month. Since I have been on 90% of the roads around here, I am going to plug in rides that have been successful in the past. If anyone has a favorite ride, or wants more rides in their area, don't sit back and complain, have the courtesy to stand up and let your views be known. I will listen. This is a bicycle club, let's bicycle!
