

LLINOIS M' EELN

greater peoria's bicycle club

September, 1999

I received a phone call from a gentleman in Chillicothe, Ohio a short Stime ago. He is in the process of gathering information for a possible bike ride from Chillicothe, THE CASE Illinois to Chillicothe. Ohio.

He would almost have to set it up like RAGBRAI, as it would be around 500 miles and several days. He mentioned the possibility of routes that utilize state parks for camping. He said he has also been in contact with The Lance Armstrong Foundation for possible support. Anyone with an interest to help with something like this can let me know and I will send information to him. He needs route ideas out of Chillicothe, IL... across the river and heading east, any assistance will be appreciated. He also wants to know if it is interesting enough of a route to attract riders.

My friends and family visited the Fox River Trail in northern Illinois earlier in the summer. If you like riding trails this is a beautiful one to ride. The surface is mostly paved, however there are some packed limestone areas along the river's edge that are still very easy for a road bike. We enjoyed the trail a lot even though parts of it were under water from rain the weekend before we went.

The trip was pretty much uneventful, except for a little oversight on our part and an almost catastrophic run in with another rider wearing, you can guess, HEADPHONES, and looking up batting tree limbs. Some very heads up riding, and a very loud yell, saved Dirk and his daughter from a head-on collision. I'm quite sure there would have been some injuries, as that rider would have been hit by not one, but two tandems, as my wife and I were following closely behind.

If anyone ever told you that you could

go to the Chicago area and leave the side door on your van open all day and not lose a thing, would you believe them? Well, maybe not all the time, but we did it and survived. Much to our surprise, as Dirk and I rode back up to where we left my van, we noticed the side door had been left open.

After the initial shock, we looked and nothing was missing. Pretty good considering the area, and the fact it is a conversion van, TV, VCR, even a purse containing the keys was all still there. It even started after the interior light was on all day. I guess if anyone goes up there to ride, remember to shut your doors, and by all means watch for other people, it is a very heavily used trail.

A little information for the tandem owners in the club before I close. The Midwest Tandem Rally is going to be held in St. Charles, IL. at the Pheasant Run Resort, Labor Day Weekend. September 1-4, 2000. This is one of the towns on the Fox River Trail, and it is a very nice resort.

I've heard these rallies are a lot of fun and this a good chance to go since it is close to home. This is also the 25th Anniversary Rally. They are taking reservations now. You can call 630-584-6300 to make reservations, be sure to ask for the MTR rate. This rally will probably draw a lot of people so don't wait too long to call. Rich

Commuting News

Tim Beeney

Just a note for those who are commuters. After being asked to leave the Campustown Thompson's grocery store because I brought my bike in with me, I decided to call their main office and ask about their "NO BIKE POLICY". I spoke with Ted Duke and he did confirm that they do not allow bicycles in the store - even though they do not

have bike racks at some locations. We had a nice conversation and by the end of our discussion he told me that people will be allowed to bring in their bikes while they shop.

He also told me that in ten years I am the first person to question their policy and ask for a bike rack. I have been commuting by bike for almost 20 years and I have run into numerous cyclists who have been frustrated by many stores' anti bike policies. After today I realize that many places might work to accommodate cyclists if they feel that there is a need to do so.

Please encourage the IVW membership to tell the management/ owners of any business that a bike rack or permission to bring a bike inside would be greatly appreciated. It took one phone call to change a policy that has been in effect for 15 years and (possibly) get one more bike rack in this city. Perhaps if more bikers asked for bike racks and educated business owners to be more bike friendly we might just see more riders. Sincerely, Tim Beeney

Ride to Jumer's in Galesburg

Spend two wonderful days cycling through beautiful Peona and Knox counties. We will leave from Brimfield grade school on Saturday October 2nd and ride to Galesburg. We then will spend the night at Jumer's just east of Galesburg. There we will enjoy swimming in the indoor pool and soaking in the relaxing whirlpool followed by a delicious supper at the Jumer's restaurant.

The following morning after a satisfying breakfast, we will depart for our starting location in Brimfield. Approximate mileage will be about 45 to 50 miles each way. There is a block of rooms at Jumer's set aside for us, but they need the actual reservations by September 10th. If you would like to join in this getaway fall ride, call Rick or Liz Boudreau at 682-6563.

Race Photos

The Cycling Photo Gallery web site is up and running. It currently has over 200 photos from the Heartland Criterium Series and there are more racing photos to come. There are also stories on several of the events in the series. If you raced in any of the Heartland races, your picture may be in the gallery. So go ahead, have a look. Feel free to forward this message to anyone you think may be interested in the web site. Sorry, I wasn't able to be at the Famous Footwear race.

You can order professional quality, full color prints of any photo in the gallery. They are made from 35mm negatives on Kodak Professional paper. Digital scans in most file formats are also available. Check it out at: www.heart.net/~cyclingphotos/index.htm

Please give me your feed back and feel free to share any ideas you may have on how to make the site more user friendly and what content you would like to see. Steve Daggs

Weekday Rides

Tuesday night rides from Dunlap Grade School

The rides will continue, but the start time is being moved to 5:30pm. As always, riders of all speeds and skills are encouraged to join. We meet at the Dunlap Grade School (just south of the water tower). The starting

time will probably move to 5pm near the end of September. I plan to ride all fall and winter, and encourage others to buy lights and come along! Steve Kurt 243-7684

Wednesday Night Bike Ride

The start time will move back to 5:00 PM beginning September 1st. I will leave it this way through the end of daylight savings time. If you are interested in some Hilly Hundred practice come on out and let me know. I'm sure we can find hills here in town. Keep spinning. Dirk

Thursday Night Bike Rides

Steve Daggs and Ron Hunt will continue to lead experienced and beginning road riders from Russell's. Ride times may change due to early darkness, call first. For faster riders call Steve at 444-3458, beginners call Ron at 444-5160.

Jim, Cindy, and Rob will be leading mountain bike rides in the Farmdale Dam area. The Farmdale area contains some fire road and singletrack. There will be creek crossings, hills, sand, dirt, bugs, weeds, rocks, and trees. We will ride for about 1 ½ hours, finding different trails in the area.

The Farmdale ride will start in the parking lot at 6:00 P.M. Those not sure how to get there should call for directions. Bring bug spray, lots of water, bike tubes and good sense. Call Rob Alexander 444-3297.

Quiet Hero News

Once again, thanks to the following IVW members who, as very dependable Quiet Hero donors, have made either whole blood or pheresis donations during the months of April, May, and June:

Rob Alexander - two donations
Ron Anderson - two donations
Nancy Buzan - two donations
Joe Camp - two donations
Marcia Grebner - three donations
Don Jacobs
Steve Kurt - two donations
Rich Morris - two donations
Bill Semmens
Larry Wegman - two donations
Brian White

New donors are always needed and appreciated. Please contact me for information about joining our Quiet Hero group. Thanks!

Ron Anderson, IVW's Quiet Hero Coordinator 444-2018 or raanders@ bwsvs.net
