TAILWINDS Mike Honnold IVW Prez

It is hard to believe after 9 months of planning, the 2010 No Baloney is now in the books as what seemed to be a very successful event! I can't tell you how many positive comments I heard during the day regarding the new route, rest stops, and scenery along the way. The BEST comment I heard from anybody was courtesy of Robert Woo, head mechanic at Bushwhackers. Bob told me the route was like a big, continuous surprise all day long, because he never knew what was coming around the next corner! Comments like these are what make the late nights, busy weekends, and stressful days leading up to the No Baloney worth all the time and effort required....which leads me to another point. I still haven't heard much talk within club channels of

anyone wanting to step forward and shoulder the No Baloney burden for 2011. The decision has already been made by myself that I am not willing to act as coordinator for the No Baloney ride in 2011. With my new family, the time taken away from getting to see John grow up is not worth helping to plan the ride another year. My hope is that another club member will step forward and keep the tradition going at least one more year. I know there are many people in this area who look forward to our ride each year, and would be greatly disappointed if we were not able to keep it a yearly event. If you have any interest at all in taking over the ride, please let me know. Most of the hard work has already been documented and "tested" by me and others over the past several years. Unless the new coordinator wants to radically mix things up, they can simply copy my "template" from this past year and keep the fun times going.

We just got back a few days ago from a nice trip down to Hendersonville, North Carolina (south of Asheville) to visit my wife's grandparents, who are John's only living set of great-grandparents. I was a little worried the 14 hour car ride might be a little tough with the new baby, but it was actually nice to stop every couple hours (or so) and stretch our legs due to a baby feeding/changing/fit. Unfortunately, I was not able to take a bike with me on the trip (due to extra baby-related stuff), but wound up renting a Trek bike at Liberty Bicycles (www.libertybikes.com), which is an easy 1/4 mile ride from the Blue Ridge Parkway. I'm not sure how many of you have ever ridden on the Blue Ridge Parkway before, but it is a cyclist's dream! The road is off-limits to local/commercial traffic, and exits are placed at a minimum. In addition, unlike Colorado where many hairpin turns are involved, most of the climbing/descending is on gently swooping/turning roads where it's easy to tuck in at 30 MPH!! Whew!!! I wound up doing a 76 mile out/back ride on the parkway to Mount Mitchell - the highest point east of the Mississippi River. Most of the climbing was done on the 38 mile trip out, so I got to descend for 38 miles on the way home. I won't go into additional details here, but it could be considered one of those rides you'll remember for a lifetime! Please let me know if you ever want any information about riding on the Parkway...and see my picture at the top of Mt. Mitchell later in this issue!

AROUND THE PEORIA AREA

“HAVE YOU HEARD THE NEWS”?

Newsletter Article Submission Tips

The IVW newsletter is a great way to inform the local cycling community of events happening in the area. No other document I know of reaches more cyclists at once in Peoria, Woodford, or Tazewell Counties. Bill Clark and I are always willing to post articles from IVW members or others in the community with an event or item that may be of interest to our membership. If you would like to post an article/event in the newsletter, please take into consideration the following guidelines:

1. Submission deadline for any article is the 15th of the month - NO EXCEPTIONS!
2. If you are submitting information about a specific event, please make sure it is submitted at least two months prior. We sometimes have problems out of our control getting the newsletter out to members by the first of each month. Should the event you want to advertise be near the beginning of the month, there may be a chance members would never see the information in time to attend.
3. It is best if you can submit the article electronically. Microsoft Word is the format preferred, but using a simple program like Microsoft Notepad that can save in a basic/generic .TXT format is fine also. Submitting the article this way minimizes the amount of editing Bill Clark must do prior to adding it into his master document.
4. You can also submit the article to our website - just let us know when you send it in!

Thank you for your compliance! If you have any questions, please contact the editor. Bill Clark and Mike Honnold

2010 Year-End IVW Banquet By Mike Honnold

Every November, the IVW holds a meeting to gather all members together to share good drink, food, and cycling stories from the season. While members enjoy the food and drink, we enjoy everybody's stories (whether true or of the tall-tale variety) much more! This time is also utilized to award most improved male/female, hub of the club, and most miles ridden trophies.

Our meeting this year will be held on **Saturday, November 20, 2010 at Rhythm Kitchen** on Water Street in Peoria. Social Hour will start at 5 PM, and we will start sitting down for dinner around 6 PM. Like always, members will order and pay for their own meals off the regular menu. We will have a private room for our meeting, but once the activities are over, Rhythm Kitchen typically has a live band playing Jazz and/or Blues music for all to enjoy!

Rhythm Kitchen is located at 305 SW Water Street on the riverfront in Peoria. For more information, and to see a menu, please visit www.rhythmkitchenmusiccafe.biz.

If you plan on attending, please RSVP via e-mail (cannondale_25@juno.com) or by phone (309-696-2591).

2009/2010 IVW Club Mileage Competition

Join the ranks of those individuals keeping tabs on their club mileage. This is a friendly competition aimed at promoting cycling. Anyone can join in. Just email your information to cannondale_25@juno.com. Accolades are given at the Annual Dinner in November of each year. Mileage totals run December thru October of each year.

CLUB AND LOCAL AREA EVENTS

GOOD THINGS HAPPENING

By Cora Lynn Green

I am not sure Wheelm'n members realize what good things are happening in the Peoria area regarding bicycling. You get the feeling that everything is happening at once but really all of these are the result of many years of hard work. It is just that everything seems to be culminating at the same time. Here is some of what is happening:

Kellar Branch: Almost all of the tracks, spikes and ties have been taken up. In November, bids will be taken to build the first section of this trail. Peoria Heights is planning to build a trailhead on the trail by Heritage Square. Eventually the park district hopes to build a tunnel under Knoxville.

Peoria Area Bike Map: A new Peoria area bike map will be finished by October. This will replace the former Peoria bike map made in the mid-1990s. This map will be accessed electronically using Goggle's national mapping system.

Mackinaw Valley Trail: The Tri-County Regional Planning Commission and the Illinois League of Bicyclists are providing mapping and signage to connect the East Peoria trail, which ends in Morton to the Constitution trail in Bloomington/Normal. In the future, the plan is to make this connection a designated trail rather than on-road.

East Peoria Trail: Work has been completed on the connection of the pedestrian bridge over Farm Creek. This is the final step to connecting the trail to the Bob Michel Bridge.

Stark County Greenways is working to connect the Rock Island Trail, which ends in Toulon, to the Hennepin Trail via signage on road. If you want to find out more about what is going on with trails in the Peoria area, I would encourage you to attend the Rails to Trails Advocacy meetings the first Monday of the month. The next meeting is Oct 4 at Bicycle Safety Town on Sheridan Road. Call Cora Lynn Green 683-3083 if you want more information.

Final Highway Clean-up Report 2010

Thanks so much to Eric Hutchison, David Gehrt and Jennifer and Jim Coffey for helping me on the last clean-up of the year of Park School Road on October 9. Park School Road is getting cleaner and cleaner with fewer vodka bottles and other assorted junk. So our bags weren't very full until Jennifer went down into the ditch alongside the Rock Island Trail parking lot where we leave our big orange bags for the highway department to pick up. Oh my gosh! What a treasure trove of trash she found down there. Glass bottles, an oil pan from a car, and lots and lots of other stuff quickly filled up our bags. After that we felt like a job well down.

Now the polluters have all winter to trash up things before we are back on the job next Spring.
Cora Lynn Green

WHERE HAS YOUR NEW IVW JERSEY TAKEN YOU ?

Submit a photo of you in your IVW Jersey to the editor along with a brief description, and we will publish it in the next few newsletters.

None other than your President Mike Honnold. If you look at the road in the background you will see the rest of the peloton still struggling up the climb.

AROUND THE STATE-AROUND THE NATION

LEAGUE OF AMERICAN BICYCLISTS UPDATE

Action Alert: Trail/Bikeway Funding

IDOT's grant application selection process has begun for \$70-80M in federal funding. Please take a couple minutes to contact Gov. Quinn, asking for emphasis on trails and other bicycling projects!

Since 1992, the Transportation Enhancements program (ITEP) has been the state's (and country's) primary source for trails and bikeways, one of 12 eligible project types set by Congress. Since 2003, however, ITEP's effectiveness for bicycling has decreased dramatically due to a series of state administrative decisions, putting Illinois far behind other states on this issue.

Gov. Quinn wants more bike trails in Illinois. Now is a key moment for him to make the most impact, with no state budget impact. LIB has sent him and IDOT [a letter with specific requests](#) on grant selections.

Here's what you can do. [Contact the Governor's office](#) by phone or email form. Ask for more of IDOT's Transportation Enhancement grant money to go to bicycling and trails. (Feel free to add more detail from the above info or our letter.) Thanks!!

Seeking New Board Members

If you are interested in serving on the [League Board of Directors](#), or if you know someone who would be a good representative for cyclists, the League Governance Committee is soliciting recommendations for candidates for the [2011 Board elections](#).

The Board of Directors governs and sets broad policy and direction for the League. Board members serve three-year terms. Starting this year, seven are elected nationally by all League members. The Board selects the remaining five seats. Four member-elected and one Board-appointed positions are open for this election. As of press time, all four elected members -- Harry Brull, Jeffrey Lynne, Hans van Naerssen, and Bill Hoffman -- have decided to run again. In addition, the [League's Bylaws](#) allow the Board the option to create up to five additional Board seats for a total that may range from the current 12 up to 17.

[Learn more](#) about the qualifications to be a League board member and how to apply.

LIB Extra - from the League of Illinois Bicyclists

Advocacy, Rides and More-for further stories, see www.bikelib.org and see our current newsletter!

Share the Road License Plate

As you may have heard, [the Governor signed our bill authorizing these plates](#), which will be produced AFTER 1500 [reservation forms are sent to the Secretary of State](#).

The plate design will have a "Share the Road" sign with bike and car, plus the text "Same Rights - Same Rules". Fees will fund LIB's motorist and cyclist education programs. We will no longer offer annual "National Bicycle Month" plates in April and May.

To get to 1500, LIB will soon embark on pre- and post-design campaigns and a design contest. But before that, we want to offer our 2010 National Bicycle Month customers "dibs" on low plate numbers. While the Secretary of State will not assign specific numbers (unless you later pay more for personalized/"vanity" plates), we were told that those getting their \$17 commitments in first will get the lowest numbers.

[Download the form from the LIB website.](#) (one per car). **Write your check to, and send to, the Secretary of State at the address on the form.** After we hit 1500 and the plates are produced (likely, many months from now), there will be a one-time \$29 switchover fee - plus your annual license plate fee, if within 90 days of your plates' normal expiration. Each year afterwards, renewal will cost \$22 plus your normal license plate fee. If we do not reach 1500, we'll assign your \$17 to LIB membership, on request.

Sign up today to reserve a low number Share the Road plate! And [watch our website](#) for monthly

[Anti-Harassment Bill \(Senate Bill 2951\)](#) -

PASSED. State Senator Ira Silverstein introduced a bill establishing penalties for motorists driving recklessly and unnecessarily close to, toward, or near a bicyclist. Depending on whether serious injuries result, it is either a Class A misdemeanor or Class 4 felony. The bill also makes throwing objects at cyclists a Class A misdemeanor. LATEST STATUS (May 17, 2010) SB2951 was approved by the House on April 21 by a vote of [93-20-1](#), and now awaits the Governor's signature. The section on throwing objects was removed in an amendment on March 15, and the remaining bill passed the Senate [55-0-2](#) on March 18. Rep. Sente was the chief House sponsor for the bill, with 21 co-sponsors.

For the most current information check the IVW website at: <http://www.ivwheelmn.org>

If you run across any of our ride leaders, thank them for all of their efforts. Without them, our club would be a lot less attractive to prospective members. It takes a great deal of time and commitment to being there to lead week after week, all season long.

OUT-OF-THE-BOX TOURS ARE DONE FOR THE SEASON

Looking for a different route, a different crowd, a ride that leaves you neither exhausted nor feeling short-changed? Then show up for an Out-of-the-Box tour led by Cora Lynn Green and Barb Drake. The pace will be Level One, and no one will be dropped. Look right here in the Spring for a list of rides sure to please everyone. Until then, have a safe and fun winter.

Barb may be reached at 692-1201 (bdrake@mtco.com) and Cora Lynn at 683-3083 (cora_lynn@yahoo.com).

2010 NO BALONEY RIDE A HUGE SUCCESS

The 2010 No Baloney Ride is in the record books, and by all accounts was a huge success. The weather held off just long enough, and all riders seemed to have a great time. Below are a few facts that may be of interest to you.

- Number of pre-registered riders = 123
- Number of pre-registered no-shows = 18
- Percentage of people who rode 100 mile course = 18%
- Percentage of people who rode 50 mile course = 34%
